Christmas 2026

Making your Christmas sweeter for over 60 years.

Zaghis's story begins with the aroma of freshly baked pastries, patiently leavened dough, a meticulous search for local ingredients, and a sourdough starter that continues to give our creations their signature softness to this day.

It is a tale woven with unforgettable memories and flavors, sparked by young Luigi Zaghis's profound passion for the art of baking, and carried forward today with the very same care and dedication by our master pastry chefs.

This is how, for over sixty years, the most delectable panettoni, the softest pandoros, and the most fragrant focaccias have been brought to life.

**Values and ideas shared,
make unique
our work**

Mission

Make unique and inimitable every product, spreading the excellence of our territory combined with the value of yeast mother, true Zaghis heritage.

Vision

We want to be with those who every day seeks a moment of sweetness.

Consumer focus

We want to satisfy and exceed his expectations with our products.

Passion

We give 100% of our heart and mind in what we do.

Ongoing improvement

We enhance human resources through paths of growth and development.

Simplicity

We bring and demand simplicity in any single aspect: in our recipes and in our relationships with colleagues, suppliers and customer.

Responsibility

In our behavior for us and for others. We walk the path of environmental respect through:

- Productive solutions with less energetic impact (food printing);
- Use of Bio-degradable and recyclable packaging;
- Waste containment for packaging and products;
- Being good citizens where we work and live.

IFS Certification for a safe and quality product

IFS food is one of the food safety standards recognised by the Global Food Safety Initiative (GFSI), an international initiative, whose main purpose is to strengthen and promote food safety throughout the supply chain.

Bio

Bio products are exclusively made of certified ingredients according to European normatives: in order to bring on the table a high quality 'jewel' with no chemical products and OGM. Our products count on selected ingredients.

The founder Luigi Zaghis started a story and today the new generation continues to tell it batch after batch, with dedication and creativity.

"Every single day, my duty is to take care of our natural sourdough. Through these last years, we've been treasuring of different technique in high patisserie, in addition we give our own personality in order to make our products unique."

Stefano

"Patisserie is manual skill, research and creativity. Our goal has always been to enable to combine good and healthy ingredients with new recipes. Unexplored flavors are those that are able to give very rare experience."

Marino

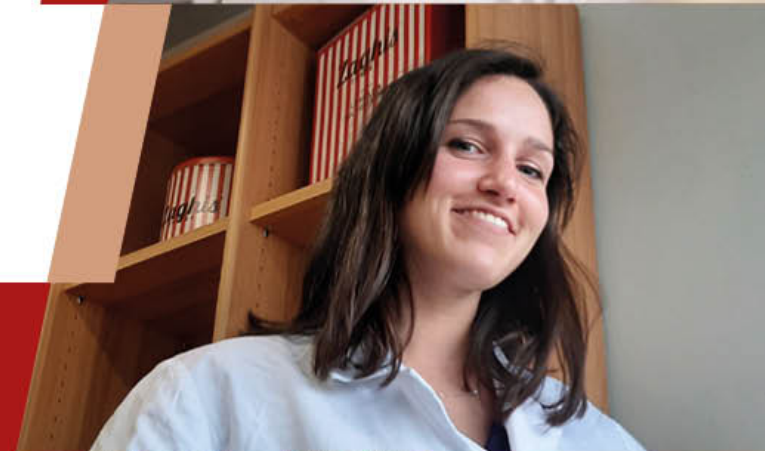

"Love for cakes has always been my personal spark to research, experiment and create new combination, finding the right way to report it to people. Curiosity is the secret of all."

Alessandra

"Everything I do is to make sure any details from production to packaging may respect our quality standard. Goodness is a precious balance which must be always preserved in any single phase of production."

Gianluca

**A dynamic team where
evolution and tradition
coexist in harmony.**

Genuine ingredients, Italian specialties

We select
the excellence
of our wonderful
territory

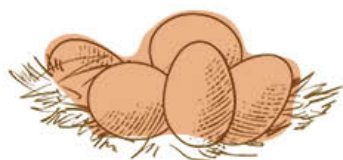

**To get the best Panettone,
the best ingredients are required.**

Zagis products are born from the excellence of our wonderful country, Italy

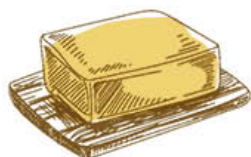

The real protagonists of our goodness

FRESH ITALIAN EGGS from ITALIAN PRODUCTION

*We have awarded our land by buying only **FRESH** eggs from **ITALIAN** free-range hens.*

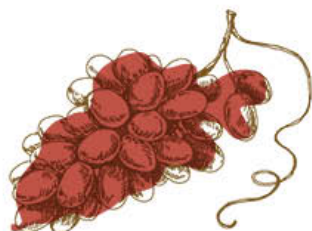

BUTTER

*We have selected fresh butter of first derivation which is produced directly and exclusively from top quality **fresh milk cream**. A valuable ingredient to provide authenticity.*

FRESH MILK of cows from the Veneto and Friuli region

Fresh milk with a 3.6% of fat. Milk coming from selected dairy farms in the Veneto and Friuli-Venezia-Giulia regions.

TURKISH RAISINS

Called Sultanina, comes from selected grapes, wellmatured and cultivated only in Turkey. In this territory, these raisins have been cultivated since the Ottoman Empire times. After the exsiccation process, the acinus have a brownish-colored and sugary flavor.

MADAGASCAR VANIGLIA BOURBON

*Many probably don't know that the plant that produces the black pod belongs to the Orchidace family and comes from Mexico. Zaghis has chosen the **Bourbon** pods for its intense vanilla perfume that differentiates from other pods found in the market. It has a long and manual process inspired on the original technique used in its origin country.*

'MILLEFIORI' HONEY from sustainable family beekeeping in Friuli

*We have chosen Spring time 'millefiori' **honey quality** from our Veneto territory, due to its clear and amber color and its maple, cherry and dandelion scent. With its almond and cooked apple aroma in a slow crystallization, we get confectionary products for special feast.*

MATCHA TEA LEAVES

Premium matcha tea leaves, finely selected and carefully processed to create a powder of intense color. Their elegant and enveloping flavor lends the panettone a refined, contemporary note. A surprising harmony waiting to be savored inside our panettones.

SICILIAN CANDIED ORANGE

There's many kind of candied oranges, but we at Zaghis always choose highest quality ingredients, therefore the king of candied fruit: **the 'Scorzzone'**, made only from Italian oranges. This variety of orange is different from the half- 'Scorzzone' which has no 'albedo' (part underneath the orange peel). Scorzzone is composed just of orange peel, the minor part of the fruit, where the **essential oils, the scents, and the natural fruit pigments** are found. Being the peel the leathery part of the fruit it maintains a level of toughness that is softened during the candying process and due to this it takes more days than other candied fruit.

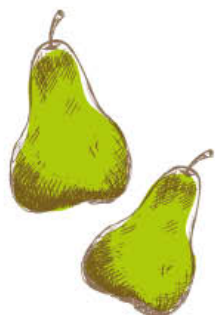

DIAMANTE SMOOTH CEDAR of CALABRIA

We have chosen this fine candied fruit of diamond cedar, also called **'The gold of Calabria'**, due to its peel which has a sweet flavor with an intense scent. With its candying process, which is slow and at low temperature, it gives the palate a soft and flavorful delicacy.

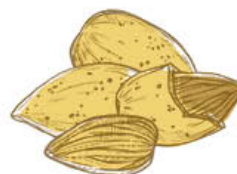

DOMORI CHOCOLATE

We selected a special chocolate, a **chocolate with a single origin** that comes from the Ivory Coast. Pure 60% dark chocolate drops with notes of **cocoa, wood and spices** that becomes a delight for all chocolate lovers.

WILLIAMS PEAR from PO RIVER

The story of the noble Williams pear comes from England. Today, it is cultivated in the Po river territory which produces excellent pears with a firm, white, sweet and fragrant pulp.

ALMONDS from BARI

This fragrant almond with an intense flavor which is grown in **Alta Murgia (Bari)**, was selected due to this environment where it is grown, protected and pristine. The encounter between our crunchy glaze and the butter notes released by this almonds from Toritto, give the panettone a surprising taste.

SEMI-CANDIED WILD STRAWBERRIES

Fragrant, sweet, and delicate semi-candied wild strawberries, characterized by a **soft texture and an enveloping flavor**. A little marvel to savor inside our panettonnes.

MEDITERRANEAN half-candied FIGS

Starting from one of the most antique plants that grow in the Mediterranean basin area, the figs for our prestigious panettone are born. After being harvested with a high level of sugar content, they are **immediately half-candied** so they can maintain their characteristic form.

A slow leavening

**Aroma, softness, fragrance:
the value of patience.**

48 *Many hours are required to obtain the distinctive flavor of Zaghis leavened goods. With much respect, we wait every day for the slow leavening of the sourdough starter, the dough's timing, the baking time and finally the natural cooling period. Time is important even in this last phase: Zaghis panettoni are flipped upside down so they can slowly and naturally cool down in order to maintain its top area puffed and crisp.*

48 *hours that give a well-alveolate, light and soft dough that only a patient craftsman can obtain.*

*Natural sourdough
is alive, it needs to
be fed and renovated by our
chef who preserves flavors
and secrets.*

*From our sourdough
of 1964, ancient perfumes
come alive which feature
our Zaghis hand-make cakes.*

2 LIMITED EDITION

CREATED BY THE WINNER

MASTERCHEF 2020

Antonio Lorenzon

for
Zaghis®
1964

Zaghis was chosen by Antonio Lorenzon, winner of the 9th edition of Masterchef Italia, to create 2 exclusive panettoni.

From this collaboration two delicacies were born, in which the creative spirit and refined taste of Chef Antonio Lorenzon were combined with the soft and fragrant dough according to the traditional recipe of our master pastry chefs.

The Panettone Tarte Tatin with Apples and Caramel, and the Panettone Tradizionale Glazed are two delicacies that will enrich your Christmas table with taste. The delicious flavor marries magnificently with the elegant and refined wrapping.

Traditional Panettone *glazed*

Delicious candied fruit and sweet raisins dive into a very soft panettone, well-alveolated thanks to a 48-hour natural leavening. The ideal time to create an enveloping goodness capable of touching all the senses.

1000 g

GRAPPA PRIVATE RESERVE BARRICATA BOTTEGA

Private reserve Barricata originates from a reserve of Grappa di Amarone.

The fruit of the distillation of grape skins derived from the production of the highly prized Amarone della Valpolicella wine, is the result of the passion and skill of master distillers.

The long aging in wood gives the characteristic intense amber color and enriches the bouquet, creating a captivating and intriguing grappa capable of satisfying even the palates of the most demanding connoisseurs.

In the traditional Zaghis panettone, Grappa Bottega makes the soft dough even tastier and enhances the soft raisins present.

BOTTEGA CINNAMON

Cinnamon is a spice with a millennia-old history, known and appreciated by the Greeks, Romans, and Egyptians for its characteristic aroma and beneficial properties, earning it the title of "the spice of kings" over time.

Whole Ceylon cinnamon sticks - the finest variety and the richest in aromatic compounds - are infused in water and alcohol. The quality of the raw material and the slow, natural extraction process of the aromatic substances yield an intense and concentrated cinnamon tincture. This is then expertly blended with our finest grappa, alcohol, water, and sugar, resulting in a liqueur with a unique and unmistakable personality.

GIN-CO LIQUEUR BOTTEGA

The Gin-Co Ginseng Coffee Cream is a creamy liqueur, pleasantly sweet with a moderate alcohol content, combining the intense aroma of coffee with the distinctive spiced notes of ginseng.

Extremely delightful, it is a delicious ingredient for baking. In fact, Zaghis has selected this liqueur to use within the panettone dough, creating a surprising encounter with the caramel chocolate drops.

La macerazione in una soluzione idroalcolica. In seguito alla distillazione
sensibilizzanti. Di colore bruno chiaro alla vista. Sprigiona al naso un intenso prof
di assoluta fragranza e persistenza che conclude su note di caramello. Perfet
